Jordan's Law: Childhood Brain Injury Education for In-Home Childcare Providers - 2 hours
 There are five forms of brain injury that are pervasive in child abuse and neglect, even unwritten neglect. Join us as we learn how to be more aware and alert to head trauma. This training is presented by a clinical neuropsychologist that has advocated for inclusion of mandatory brain injury education for those that care for children. Learn about "Jordan's Law" and why it was passed. Learn more about head injury, hyperthermia, hypoxia, failure to thrive, and fetal drug exposure. **Presented By: James E Lewis, Ph.D., Clinical Neuropsychologist**

Please check if applying for a training scholarship. Explain on the lines below (25-30 words) why you want to take this training and how you plan on using it in your family child care home business. **Please write neatly on lines below only.**
