## **What is NAFCC Accreditation? Let's Get Started!** **Quality. Commitment. Excellence.**

NAFCC administers the only national accreditation system designed specifically for family child care providers. Accreditation is awarded to family child care providers who meet the eligibility requirements and the Quality Standards for NAFCC Accreditation. Family child care providers achieve this high level of quality through a process that examines all aspects of the family child care program: relationships, the environment, developmental learning activities, safety, health, professionalism and business practices. We will review getting started, what to expect when you receive your self-study kit, and time for questions to put your mind at ease.
