**Tappin' Those Tiny Toes - 1.5 hours** - Music has made a profound difference in the learning experiences that infants and toddlers have in the classroom. Music helps release endorphins that make learning enjoyable and have a positive impact on the development of the students. In this training providers will explore hands on ways to increase the use of music and the effectiveness it can have on students between birth to 28 months. Come and sing and dance and learn how to use music as a teaching tool to enhance the learning experience that the students in your family child care home will have. We will also talk about how to get families involved and increase parent participation with music and song. **Presented By: Maryann Harman, Music with MAR**

If you need an accommodation because of a disability to participate in the child care training process: contact FFCCHA at least two weeks prior to the first training date at (786) 274-2931 between 8:00 a.m. - 5:00 p.m Monday through Friday.
