Introduction to the Positive Behavior Pyramid Model

Instructor: Adrienne Donaldson, FCCH Provider, Trainer Hours: 2

Challenging behavior is an inevitable part of early childhood education but the way a provider, educator, or parent approaches the behavior can have a strong influence on the environment. In this introduction session to the Pyramid Model for Positive Behavior you will learn more about the concept, how to reframe your thinking, the influences on the children, and practice a few activities. This will help teach providers how to manage challenging behavior and change their approach to the situations. This training is part of a five-session training program.

If you need an accommodation because of a disability in order to participate in the child care training process: contact Adrienne Donaldson at least two weeks prior to the first training date at 786-274-2931 between 9am and 5pm Monday through Friday.

The deadline is June 3, 2022. There will be NO refunds after this deadline.

If you do not attend this training, the training fees will not be refunded or transferred to another person.
