Introduction to Autism and Primitive Reflexes in Early Childhood Settings

Presenter: Janis Nakagama, M.A.Ed

4 Hours

Are you an early childhood professional looking to further your knowledge and career? Then you won't want to miss this class on early signs of Autism and Primitive Reflexes! Learn how to recognize the signs and symptoms of *Autism Spectrum Disorders*, and how Primitive Reflexes can impact child development. Additionally, we will explore available interventions and strategies for working with individuals who have these reflexes. We will also discuss how primitive reflexes may be linked to sensory issues and motor difficulties. This class is essential for any early childhood professional looking to make a difference in the lives of children and families.

*Note: If you need an accommodation because of a disability in order to participate in the child care training: contact Annette Eberhart at least 2 weeks prior to the training date at 813-493-0828 between 9am - 5pm Monday - Friday. **The deadline is April 22, 2023. NO refunds after this deadline. If you do not attend this training, the fees will not be refunded or transferred to another person.***
