Understanding a Diagnosis of Conduct Disorder or Unspecified Mood Disorder

Presenter: Breana Frazier, MS, BA

1.5 Hours

Many times, children may misbehave beyond repair or even go in and out of different moods, but how does a psychiatrist view these signs? They may even receive a diagnosis of a conduct disorder or an unspecified mood disorder? How do psychiatrists get to these diagnoses and what criteria do children have to meet to get these diagnoses? Let's dive further into both of these diagnoses for a better understanding and possible solutions to help de-escalate children when they become overstimulated.

If you need an accommodation because of a disability in order to participate in the child care training process: contact Annette Eberhart at least two weeks prior to the first training date at 813-493-0828 between 9am - 5pm Monday through Friday.

The deadline is March 8, 2023. There will be NO refunds after this deadline. If you do not attend this training, the training fees will not be refunded or transferred to another person.
