There's No "I" in TEAM!

Keynote: Patricia Dischler, FCC Experts

To build a strong association that successfully represents and supports family childcare home educators across the state, it's going to take a monumental effort by a strong team. You are likely one of many strong individuals in the association, with creative solutions, passion for the work, and an eye for what's possible in the future. When all of these strong individuals come together to form a team, to lead FFCCHA into its future, that team has the potential to achieve every goal they can envision. But being strong doesn't mean strong-arming others towards your will. It means having the skill and strength to be patient, open to new ideas, problem-solve, listen, and collaborate. Join us in this session of team building and bringing out the best in others to be your best self. We'll tackle big goals for FFCCHA as a team, discuss and develop plans for growing leadership in the association, and experience the excitement of being a part of a winning team!
