“Beyond Behaviors:

Inclusive Support for Children with Unique Abilities and Strengths” 2 hours

Presenter: Shannon Estrin, Behavior Health Coach

Join us for an empowering workshop focused on supporting children with unique abilities and high-energy needs. This training will provide practical, strength-based strategies to better understand and embrace each child’s “superpowers,” creating inclusive environments where all children can thrive. Explore strategies such as using sensory supports to help regulate energy levels and implementing clear visual routines to promote understanding and independence. This workshop will strengthen your skills and deepen your commitment to meeting the diverse needs of every child in your care.

If you need accommodation because of a disability to participate in the childcare training process, contact Annette Eberhart at least two weeks before the first training date at 813-493-0828 between 9 am and 5 pm Monday through Friday. There will be **NO refunds after deadline. If you do not attend this training, the training fees will not be refunded or transferred to another person.**
