

Become a NAFCC Accredited Certified Trainer!

If you are passionate about helping people reach their highest potential in the field of Family Child Care, take advantage of this unique opportunity to become an integral part of moving the Power of Family Child Care forward in your communities.

Training Certification

(includes NAFCC accreditation self-study guide)

This training will be facilitated by highly qualified experts in adult learning as well as early care and education.

You will:

- Discover strategies that motivate adults to take charge of their own learning
- Identify styles and characteristics that help you stand out as an exceptional trainer
- Review necessary skills for teaching adults
- Examine the accreditation process
- Recognize the intent of the NAFCC Quality Standards and the many right ways the standards can be met
- Learn to encourage trainees to make the necessary changes in their practice
- Be prepared to share the benefits of accreditation with providers, policy makers, funders, and community members to support NAFCC
- Accreditation in your community

Minimum requirements

- You must be a NAFCC member
- Have a high school diploma
- Be 21 years old
- Must have one year experience of training adults
